Missouri Ethics Commission Releases Personal Financial (PFD) E-Filing System.

The Commission released a new Personal Financial (PFD) E-filing system, initially available for those individuals required to annually file a PFD. “This e-filing tool provides a way for individuals to conveniently and easily meet the law’s requirement,” said Julie Allen, Executive Director. An exciting and helpful feature of the new system allows the filer to view their PFD filed for the previous calendar year.

PFDs are required to be filed annually by public officials, some candidates for various positions in political subdivisions, and certain appointed or employed individuals. Electronically filed PFDs must be filed by 5:00 p.m. on May 2, 2011.

The Commission sent notifications this week, by mail, to those individuals required to annually file a PFD; filing instructions along with the required filer id and password for electronic filing were included.

Click [Personal Financial Filing \(PFD\) system](#) to access the new filing system and, upon receipt of your filer id and password, start filing your PFD.
